## Why Egyptian produce

01

### Strategic location

Egypt's proximity to Saudi Arabia means 4–7 day transit, peak freshness, and lower logistics cost.

02

### Climate excellence

Diverse microclimates deliver superior taste, color, and extended shelf life.

03

### Food safety

HCQI standards, GlobalG.A.P., and full traceability from farm to port.

04

### Private label ready

Custom packaging and labeling for your supermarket brand.

05

### Reliable supply

Contracted farm network for consistent weekly volumes through the season.

06

## Prickly pear experts

Signature PGM product, hand-selected from Fayoum, Beni Suef, and Minya.

# Export services

PGM For Export makes international procurement straightforward: one partner for quality control, packing, certificates, and reefer booking into Jeddah and Dammam.

## 01 Farm sourcing

Calibre & volume locked before harvest

Contracted growers across Egypt with pre-season crop planning and calibre specs agreed upfront.

## 02 Cleaning & sorting

SFDA-aligned hygiene · defect removal per SKU

Line sorting per product, defect removal, and SFDA-aligned hygiene before packing.

## 03 Cold-chain packing

2–8°C pre-cool · private label available

Pre-cooling at 2–8°C, reefer-ready cartons or mesh bags, private label on request.

## 04 Freight to KSA

FOB Alexandria / Port Said · CFR Jeddah / Dammam

FOB Alexandria / Port Said · CFR Jeddah / Dammam · customs support through loading.

## Commercial terms

Full season programme details are in the downloadable offer pack ([Download season offer \(PDF\)](#)).

### MINIMUM ORDER

1 × 40ft reefer container (≈ 22–26 MT by product)

### PAYMENT

30% advance T/T + 70% against shipping documents; L/C at sight accepted

**INCOTERMS**

FOB Alexandria / Port Said · CFR Jeddah / Dammam · CIF on request

**LEAD TIME**

5–7 working days from order confirmation to loading

**CERTIFICATES**

Phytosanitary · Certificate of Origin · SFDA compliance · GlobalG.A.P. (selected farms)

**PACKAGING**

Custom cartons / clamshells with buyer private label available

**COLD CHAIN**

Pre-cooling 2–8°C before loading · full reefer management

**SHIPMENT FREQUENCY**

Weekly or bi-weekly per agreed schedule

**SHELF LIFE ON ARRIVAL**

Minimum 70% of total shelf life at destination port

**PRICING**

Per MT based on confirmed weekly volumes; detailed list on request

## Plan your next shipment window

Share your category mix and weekly volume for Season 2026–2027 pricing.

Season 2026–2027 · PGM-EXP-2026-SA

# About PGM For Export

## Who we are

PGM For Export supplies premium Egyptian fresh fruits and vegetables to supermarket and wholesale programmes in the Gulf. We focus on long-term partnerships, predictable weekly volume, and documentation that clears Saudi import requirements without friction.

## How we grow

Our network spans Upper Egypt, Delta, and canal-zone farms selected for each SKU's microclimate. Season 2026–2027 programmes are built around your category mix, not a generic spot list.

## What we believe

Export success is ethical sourcing, cold-chain discipline, and honest communication on capacity. We would rather under-promise and over-deliver than flood a buyer with inconsistent calibre.

## What buyers value

### Strategic location

Egypt's proximity to Saudi Arabia means 4–7 day transit, peak freshness, and lower logistics cost.

## Climate excellence

Diverse microclimates deliver superior taste, color, and extended shelf life.

---

## Food safety

HCQI standards, GlobalG.A.P., and full traceability from farm to port.

---

## Private label ready

Custom packaging and labeling for your supermarket brand.

---

## Reliable supply

Contracted farm network for consistent weekly volumes through the season.

---

## Prickly pear experts

Signature PGM product, hand-selected from Fayoum, Beni Suef, and Minya.
